O.	Revise Course	CDS/SUDS 220 , Co-Occurring Disorders: Mental Health Disorders in SUDS	3 cr, 33 lec
Rationale A-O: Updating name of program from chemical dependency studies (CDS) to substance use disorders studies (SUDS).			
Resolution A-O: Mark made a motion to approve; Courtney seconded. Motion carried. <i>Effective: Summer 2023</i>			
P.	Retire Course	CDS 108 , Running School-Based Support Groups	4 cr, 44 lec
Rationale: CDS 108: Community & School-Based Prevention/Intervention Strategies is being retired because much of the information is already being covered in other CDS courses and the material that is not already covered is outdated.			
Q.	Retire Course	CDS 240 , Compulsive Sexual Behavior	3 cr, 33 lec
Rationale: The course did not gain traction and was never taught. We plan to introduce CDS 109 Process of Addiction and Compulsive Behaviors that will cover the topic of Compulsive Sexual Behaviors.			
Resolution P-Q: Mark made a motion to approve; Becky seconded. Motion carried. <i>Effective: Summer 2023</i>			
R.	Revise Degree	Chemical Dependency Studies/Substance Use Disorders Studies AAS	90-92 cr total

Resolution R-S: Courtney made a motion to approve; Becky seconded. Motion carried. <i>Effective: Summer 2023</i>			
Proposals from Anita Quirk:			
T.	Revise Course	CJ 180 , Report Writing for Law Enforcement	5 cr, 55 lec
Rationale: Update to new form. Add Critical Thinking to Global Skills for assessment. No other changes.			
U.	Revise Course	POLS 220 , Law and Social Issues	5 cr, 55 lec
Rationale: Since this course requires second year writing skills, I request that the prerequisite for this course be raised from ENG 99 to ENG& 101 with a C or better, concurrent enrollment or instructor permission. The current course plan has both the A-F grading as well as P/F grading. I do not know why P/F is included and it should be discontinued. This is also a change to the new course plan form with the updated Global Skills, adding Teamwork to Communication and Critical Thinking. Since these changes do not affect the description nor the outcomes of the course and is not a requirement for a criminal justice degree, I have not asked for approval from the Criminal Justice Advisory Committee.			
V.	Retire Course	CJ 100 , Criminal Law Administration	15 cr, 165 lec
Rationale: CJ 100, Basic Law Enforcement, was being used previously to give 15 credits to law enforcement officers who had passed Basic Law Enforcement Academy and were pursuing their associates degree. It was only open to active law enforcement officers. We do not use it for this purpose now since we have aligned courses that we teach with the training law enforcement officers receive to award credits. It is not a requirement for any degree.			
W.	Retire Course	CJ 286 , Criminal Law Administration	5 cr, 55 lec
Rationale: This course has not been taught to my knowledge since I have been at LCC. The subjects in this course are taught in other Criminal Justice courses, such as Introduction to Policing and Administration of Justice. It is not a requirement for any degrees.			

X.	Revise Degree	Criminal Justice AAS	94-96 cr total
<p>Rationale: There are two changes to the current CJ-AAS degree proposed along with updating the Course Plan form. The main change will be adding a Natural Science with Lab course, choice from the course Distribution List, to the degree. Due to how the credits are tallied, the degree credits do not change, nor do any of the other courses on the degree change. It appears that the credits in the current degree counts 5 credits for the Humanities course and another 5 credits for Diversity, which the Humanities course fulfills. The only change to the learning outcomes is to change the Global Skill (GS) term to Teamwork from Interpersonal Relations, which is its old title.</p> <p>Adding the Natural Science with Lab course to the CJ-AAS degree brings it into alignment with our CJ-AAS-T degree, which is the associate's degree that can move into our BAS-OLTM degree. Since the CJ-AAS degree is not a transfer degree, our Workfirst students can pursue it. Should their situation change in the future, they would then have a path to continue their education. This will also allow us to in the future discontinue the CJ-AAS-T degree, which can make advising and degree choice easier for the criminal justice degree choices.</p> <p>I do not have the last Advisory Committee minutes, but I have attached emails with approval votes from voting committee members that include my emails to them. There were no negative votes.</p>			
Y.	Retire Degree	Criminal Justice AAS-T for BAS-OLTM	96 cr total
<p>Rationale: This degree is no longer needed, pending approval of the changes to the CJ-AAS degree, in particular adding a Natural Science with Lab to the AAS degree. This change will make the AAS degree requirements the same as the CJ-AAS-T degree. Retiring the AAS-T degree will aid in less confusion in degree choice for students and for advising. For those few students who are currently pursuing the CJ-AAS-T degree, we can teach out the degree for them or they can change to the CJ-AAS degree if there will be no financial aid ramifications.</p> <p>The CJ Advisory Committee approved the changes to the CJ-AAS degree, understanding that the CJ-AAS-T degree would be redundant. Please see the CJ-AAS proposal for the Advisory Committee members' approval emails.</p> <p>Resolution T-Y: Mark made a motion to approve; Morgan seconded. Motion carried. Effective: Summer 2023</p> <p>Proposal from Amy Boultinghouse:</p>			
Z.	Revise Course	NURS 90, Nursing Assistant	7 cr, 38.5 lec, 77 lab
<p>Rationale: Required state curriculum update. Promote greater student success with passing the skills component of state testing. Make the course more economic and competitive to other like programs/courses.</p> <p>Resolution: Courtney made a motion to approve; Mark seconded. Motion carried. Effective: Summer 2023</p> <p>Proposal from Jennifer Houge:</p>			
AA.	Revise Course	HDEV 101, Career Exploration and Planning	1-3 cr, 33 lec
<p>Rationale: Students are enrolling without a focus or plan for their education and we should offer a student focused, in-depth exploration of a variety of careers.</p> <p>Resolution: Becky made a motion to approve; Mark seconded. Motion carried. Effective: Summer 2023</p> <p>Proposal from Louis LaPierre:</p>			
BB.	Revise Course	BIOL 150, Genetics and Society	5 cr, 33 lec, 44 lab
<p>Rationale: To change course name to reflect broader subject matter.</p> <p>Resolution: Theresa made a motion to approve; Morgan seconded. Motion carried. Effective: Summer 2023</p> <p>Proposal from Nadine Lemmons (presented by Mark Gaither):</p>			
CC.	Revise Course	BUS 118, Business & Corporate Ethics	5 cr, 55 lec
<p>Rationale: "This course has not been offered since before Winter 2000. Business Ethics is a critical part of business education and should be available to students enrolled in any of the degree/certificate offerings in the Business/IT Dept. Now that the BAS-OLTM is coming into the 2nd year, an ethics class will be important to include in students' first two years of their program at LCC. Additionally, this course will be added as a program core requirement for the Administrative Services Manager AAS. This change is being communicated and voted on via email with the Advisory Board.</p> <p>Resolution: Becky made a motion to approve; Elissa seconded. Motion carried. Effective: Summer 2023</p> <p>Proposals from Shari Samuels:</p>			
DD.	Revise Course	MATH& 131, Math for Elementary Educators 1	5 cr, 44 lec, 22 lab
<p>Rationale: Just switching around some things covered in Math 131 vs. Math 132 based on what objectives align together and timing</p>			
EE.	Revise Course	MATH& 132, Math for Elementary Educators 2	5 cr, 44 lec, 22 lab

Rationale: A couple standards from 131 moved over for lack of time in 131. Changing the wording of probability to a more general sense of solving problems.		
Resolution DD-EE: Stefanie made a motion to approve; Morgan seconded. Motion carried. <i>Effective: Summer 2023</i>		
Proposals from Amber Lemiere:		
FF. Revise Course	ENGL/HUM 124 , Arts Magazine Publication I	1-3 cr, 66 lab
GG. Revise Course	ENGL/HUM 125 , Arts Magazine Publication II	1-3 cr, 66 lab
HH. Revise Course	ENGL/HUM 126 , Arts Magazine Publication III	1-3 cr, 66 lab
Rationale FF-HH: Streamline course catalog based on new developments, collaborations, and insights. Also, for 126, we are innovating in response to ASLCC's input during last year's budget process regarding the engagement with both print and digital publishing. By adding a third round of submissions to our arts magazine process, we hope to enrich the digital magazine as well as solicit greater numbers of artists who create in mediums that cannot be displayed in print format (video performances of various kinds).		
II. Retire Courses	ART 124, 125, 126, 234, 235, 236 , Arts Magazine Publication I, II, III, IV, V, VI	1-3 cr, 66 lab each
Rationale: Changing ENGL 124, 125 & 126 to HUM eliminates the need for a cross-listed course (ENGL&ART) to foster an inter-disciplinary Salal publication experience.		
JJ. Retire Courses	ENGL 224, 225, 226 , Arts Magazine Publication IV, V, VI	1-3 cr, 66 lab each
Rationale: If HUM 124, 125, 126 are approved as "repeatable for credit," there is no need to continue offering a second-year experience of publications as a completely different set of course plans. Eliminating the second layer helps to simplify enrollment and promotion of the course sequence.		
Resolution FF-JJ: Mark made a motion to approve; Morgan seconded. Motion carried. <i>Effective: Summer 2023</i>

Resolution OOO-YYYYYYYYYYYY: Mark made a motion to approve; Jason seconded. Motion carried. <i>Effective: Summer 2023</i>		
Proposals from Becky Connolly:		
ZZZZZZZZZZZZ. New Course	COLL 110, Test of Essential Academic Skills (TEAS) Preparation	2 cr, 11 lec, 22 lab
Rationale: The TEAS test is the nursing admission exam that all Nursing applicants at LCC are required to take. This test covers English, Reading, Math and Science. This test is also required for many other colleges as well as part of their admission requirements for their Nursing programs. All Nursing applicants at LCC are required to take this exam. Statewide, LCC has some of the lowest minimum cut-scores in each subject area, but we consistently have students who drop below our required threshold. As it stands, all TEAS prep must be done independently, and students consistently ask for support in preparing for the exam.
